Standard visibility is a contractual obligation in all EU-funded humanitarian aid projects. It covers two categories of measures: (A) display of EU Humanitarian Aid visual identity and (B) written and verbal acknowledgement of EU funding and partnership. Please indicate the concrete actions that the Organisation plan to undertake as an integral part of the project (DG ECHO makes available up to 0.5% of eligible cost until a maximum of 8,000 Euros to cover related expenses of this obligation).

9.2 Do you foresee communication actions that go beyond standard obligations?

Yes

No

Chapter 9. Visibility, Communication and Information Activities (2)

European Commission

9.1 Standard visibility

A. Display of EU Humanitarian Aid visual identity on:

- A1: Signboards, display panels, banners and plaques; both actions must be selected in section A. (default)
- A2: Goods and equipment (vehicles, food bags, water tanks, containers, tents, plastic sheeting, foodstuff packaging and other NFIs and supplies);

Please provide additional details on section A:

To comply with the contractual visibility requirements, the Partner must indicate and – at liquidation stage – provide evidence for the implementation of both types of actions (A1-A2). Failure to comply may impact negatively on the assessment of the project proposal or may result in the application of a penalty at the liquidation stage.

Please provide details of the visibility actions that your organisation plans to undertake under A1 and A2. Please indicate if your organisation has requested a derogation from field visibility (the request must be entered under chapter 11 of eSingleForm)

Derogation (single form, section 11) Has the partner requested/justified derogation from the general visibility obligation?				

NB! This check list concerns only visibility (0.5% of eligible costs or below). For additional communication, the partner must submit a separate communication strategy for approval by the Commission (Article 12) before contracting.

Standard visibility is a contractual obligation. Further guidance is: ECHO Visibility and Communication Manual. Partners should be encouraged to inform and cooperate with the relevant regional information officer for their country throughout the project.

In the contracting phase, the partner must:

- verify whether the agreed visibility measures are planned and - where this is not the case - (2) as a guideline for the dialogue with the partner before contracting. As visibility and communication are contractual obligations, they must be adapted to the individual project.
- In the implementation phase, the partner must:

At the reporting phase, the partner must:

- verify whether agreed actions are being implemented and - where this is not the case - (2) as a guideline for post-project dialogue with the partner and for assessing the impact of the actions.
- At the reporting phase, the partner must provide substantial evidence that demonstrates that the contractual visibility obligation has been respected as an integrated part of the project and at different stages of its implementation. To meet this obligation, the final report and the accompanying material must consistently show compliance with the obligation.
